City Searches For Funds To Build Addition To Jail

Commissioners Look To Tax Revenue From Cigarettes As Fund Source

Following up the need for additional city jail space, commissioners asked Attorney Herbert Beck to see if the city can issue tax revenue certificates on cigarette tax to obtain funds for erecting a second story on the jail. The action was taken at the Commission meeting Wednesday night.

Urgency of constructing an addition on the jail to alleviate crowded conditions which occur every year at the city peak here was brought out at a previous meeting.

Commissioner Julius Harris stated that the street department will cease rock digging and hauling operations Friday. He reported that to date 9,014 yards of rock have been dug and much of it has been stock piled.

Thomas Pennington, street department superintendent, reported on a short course which he attended in Gainesville recently. He stated that he talked with a professor there who said he would be glad to study the city's particular street problems at the invitation of the mayor. City Clerk Frank Anderson was instructed to contact that authority.

Duties of city and loading zone cleanup were shifted to the sanitary department from the police department, according to a request of Mayor W. F. Crider. City Engineer John T. Pickett presented a cross-section drawing of the area in front of George Abow's grocery and showed how the action by the street department has caused water to run into his establishment and requests that the city remedy the condition. Mayor Crider and Pickett were authorized to show the drawing to Abow before further action is taken.

Commissioners accepted a recommendation of the City Planning Board asking that the section bounded on the west by Ave. D, on the west by 16th Street, on the east by a line parallel to and 400 feet east of 16th Street and 400 feet from B. residential to D. be zoned B-1.

A commission action amended an ordinance pertaining to photographers' licenses. All photographers' licenses. All photographers' licenses. All photographers' licenses.

Shooting Blanks By Poole

There are many tycoons both large and small and of one description or the other all over the world over, but none fit the dimensions of the type described by Howard Haney.

Now Mr. Haney has complained that action by the street department has caused water to run into his establishment and requests that the city remedy the condition. Mayor Crider and Pickett were authorized to show the drawing to Abow before further action is taken.

You might even make a quick million in about five years if you did a group in California, which example Haney cites. Anyhow if you are troubled with thwarted desires toward living a tycoon-like life, you should attend the state rabbit show scheduled June 13 and 14 at the Everglades Experiment Station.

PTA CONDUCTS ANNUAL PRESCHOOL CHILD CLINIC

The Belle Glade School PTA will sponsor its annual clinic for preschool children known as "Summer Roundup" at 1:30 p.m. June 5 in the school auditorium.

All mothers of children who plan to enter school in September for the first time are urged to attend and fill out the necessary medical blanks.

The clinic will be supervised by Dr. Herman Baxt assisted by Mrs. Haney, county health nurse. Mrs. Warren Stoner is in charge of the Roundup and is being assisted by preschool mothers.

Transportation to the school will be arranged if necessary, according to Milton Burrey, PTA president. Those who are unable to attend can obtain blanks from Mrs. Stoner.

Mrs. Foy Assumes Duties As Manager Of Station WSWN

A sudden reorganization change in the WSWN staff Monday brought about the appointment of Mrs. Mary Foy as general manager of the local 1,000-watt radio station.

Former manager J. Tom Watson, Jr., resigned to assume missionary duties in Japan with his family following a two-months training period at Wheaton College, Chicago.

Mrs. Foy's appointment may make her a first in her field, for it is believed that she is the only woman station manager in the State.

Employed with WSWN as commercial manager since the daytime station went on the air in 1947, Mrs. Foy previously was office manager at WIRA in Fort Pierce. Watson, who also was previously assistant manager at WIRA, said for Mrs. Foy when he started the "Little Station" in Belle Glade.

"I am pleased the office of the WSWN Broadcasting Corp. (operator of the station) feel that I am fitted to assume the responsibilities connected with station management," Mrs. Foy said.

Commissioners accepted a recommendation of the City Planning Board asking that the section bounded on the west by Ave. D, on the west by 16th Street, on the east by a line parallel to and 400 feet east of 16th Street and 400 feet from B. residential to D. be zoned B-1.

A commission action amended an ordinance pertaining to photographers' licenses. All photographers' licenses. All photographers' licenses. All photographers' licenses.

Watson To Leave WSWN To Assume Missionary Role

Mr. And Mrs. Watson Accepted By Evangelical Alliance Mission

WSWN manager and stockholder here gave up his position and interest in the local station this week because, in his words, "My wife and I want to have a part in God's program of reclaiming the world."

J. Tom Watson, his wife with three small children—Anne, 6½, Tommy, 4½, and Goree, 2½—will go to Japan to take up the work of missionaries, following a short course in this country. Watson is a charter member of the Presbyterian

Church here and has been active in religious activities for the past year.

When the Evangelical Alliance Mission known as "TEAM" accepted Mr. and Mrs. Watson for missionary work, it broke two precedents. Foreign mission work is usually closed to those over thirty years of age and also to persons lacking ministerial background and training. Watson stated.

Watson and his wife were accepted for the missionary work at the two-day program. "Everybody is talking about the cost of meat, and nobody is doing anything about it," Haney points out. "But rabbit business can be big business, as shown by the thriving industry being carried on in California. It composes the largest live stock industry in that state where fifty thousand meat rabbits are processed every week in the county of Los Angeles," he claims.

He cites the example of the Polphrey plant built at a cost of over a million dollars which started with a back yard rabbit business.

A good type rabbit will produce a hundred pounds of live weight in a year, according to Haney. The meat is high in nutritional value, for the U. S. Government rates it higher than chicken, pork or beef.

There is no disease such as rabbit fever in domestic rabbits, for they have very clean habits, Haney says. Interested? Attend the local meeting here for details, association officers advise.

SENIOR MOTHERS PLAN CLASS SUPPER FOR THURS. Mothers of Belle Glade High School seniors are busy planning the senior supper which will be Thursday night at the Municipal Country Club.

For the first time, this year the annual function is a supper instead of a breakfast. The change was made to enable seniors to enjoy an evening of activities following the meal, according to Mrs. J. H. Chamberlain, chairman.

Mrs. Chamberlain is in charge of the food and Mrs. Kenneth Lutz and Mrs. Robert Roadman are in charge of the entertainment. The program provides for dancing and games in the recreation hall following supper.

Mr. and Mrs. Kirkland were hospitalized with lacerations on their heads and arms when they were treated for abrasion of the arm. Dobek is being held on record, driving charges, according to Patrolman Valton Sheffield, investigating officer.

GLADES VEGETABLES SWELL RESOURCES BOARD MEMBERSHIP

FUND THRU SALE OF DONATION BY A. J. SULLIVAN FARMS

"We've come to West Palm Beach many times loaded with hot air about our community, what it has, what it wants, its potentialities," the West Palm Beach Rotary Club was told Tuesday.

"So today we've brought in a truck load of our vegetables and are asking each of you to buy a crate of corn and celery not to help us but to help the organization which is doing the most to develop Palm Beach County's Resources Development Board."

The 100 crates of celery were sold for \$2.00 each and the corn at \$3.75 which netted a good substantial amount for the campaign fund.

From left to right in the picture are Mrs. Luther Jones, Mrs. E. A. McCabe, Slick Kirkland, Frank Anderson, West Palm Realtor, Mrs. A. J. Sullivan and Mrs. Guy Watson. Ralph Blank is seen at the rear of the truck selling. Others are members of the Rotary Club standing in line to purchase corn and celery.

Want To Be A Rabbit Tycoon? Attend Seniors To Get Awards At Class Night Tonight

The June Country Rabbit Show Here

Would you like to have a constant supply of fresh, white meat in your own back yard and eliminate deep freezers by having cold storage?

All you need is a small space in your yard and a back yard, according to Howard Haney, vice-president of the County Rabbit and Cavy Breeder's Association.

Raising rabbits is not just a chicken feed business, Haney explains. Many that raise rabbits will be told at the association's show and meeting to be staged June 22-24 at the Everglades Experiment Station here.

Organization officials will hold free information and literature on raising rabbits, and they will compare rabbit breeds from all over the state during the two-day program.

"Everybody is talking about the cost of meat, and nobody is doing anything about it," Haney points out. "But rabbit business can be big business, as shown by the thriving industry being carried on in California. It composes the largest live stock industry in that state where fifty thousand meat rabbits are processed every week in the county of Los Angeles," he claims.

He cites the example of the Polphrey plant built at a cost of over a million dollars which started with a back yard rabbit business.

A good type rabbit will produce a hundred pounds of live weight in a year, according to Haney. The meat is high in nutritional value, for the U. S. Government rates it higher than chicken, pork or beef.

DRAFT OFFICE REPORTS NO INDUCTION EXAMS SCHEDULED IN JUNE

Area draft calls this week included two men for examinations and two delinquents for reports on Mrs. McGlen, local draft board clerk. The men were sent on Monday to the center in Miami.

The local office received notice that no preinduction examination calls will be given during June. It indicated that only induction and transfer exams were scheduled, Mrs. McGlen says.

Mayo Warns About Unbonded Buyers

Commissioner of Agriculture Nathan Mayo today released a statement intended as a tip-off to Florida growers, directing attention to the importance of making certain that buyers of farm produce have qualified under the Florida Agricultural Bond and License Act.

Specifically, Mayo said, "I wish to warn watermelon growers whose melons will soon be rolling to market that they should be on the alert against unbonded purchasers. The Florida act passed in 1941 requires purchasers of farm crops from producers to be bonded by a surety company to the satisfaction of the state auditor."

This act, often referred to as "cash on the barrelhead" law, was passed to protect transactions under which Florida farmers and growers were often lured by unscrupulous buyers to sell their produce on credit. The law requires that the buyer must furnish a check for the full value of the produce at the time of purchase.

Mayo said that the law was designed to protect farmers from the loss of their produce to buyers who would not pay for it. He said that the law was also designed to protect farmers from the loss of their produce to buyers who would not pay for it.

Mayo said that the law was designed to protect farmers from the loss of their produce to buyers who would not pay for it. He said that the law was also designed to protect farmers from the loss of their produce to buyers who would not pay for it.

County Cooperates In Local Airport Improvement Plan

Airport Installations To Be Supported By City, County And Federal Funds

With county interest high in improvement of the local airport this week, the chamber of commerce sponsored project may be realized shortly.

Several weeks ago Harold A. Wilde, district Airport Engineer, Miami, and Herbert C. Whitney, Airport Consultant, Miami, attended a local meeting at the invitation of the local trade body. They advised local interests on a program for achieving needed improvements at the airport.

Wilde promised \$15,000 in federal aid if the sum could be met by local agencies. Local crop dusters and chamber officials decided to seek aid from the city and county in sharing the additional amount.

The city commission sanctioned this project and pledged its support several weeks ago providing county authorities would agree.

Bill Golden, local GI flight instructor, was appointed to represent county commissioner Paul Rasmussen in the project. In addition the chamber sent a resolution asking for airport improvement to the county commission.

According to reports, the county officials favored the request and Rasmussen and County Engineer Jack Boyd will soon visit the field to make investigation.

Minimum improvements deemed necessary at the field by the county include two asphalted runways 50 feet wide and 2400 feet long, necessary approaches and stabilization of the field.

To receive federal aid at this time a project must be justified under the national defense program. Wilde stated that air field improvement will qualify since crop dusters use it regularly during the season.

CANCER CENTER OPEN IN BELLE GLADE, JUNE, 7TH The Cancer Information Center will be open in the Belle Glade City Hall, Thursday, June 7, from 9:00 to 3:00 p.m. A registered nurse will be in charge to serve anyone desiring information or literature.

HOME TRADE IS VITAL TO TOWN
Pouring of Trade Resources Through Home Channels Builds Up Success and Prosperity in Community
The chief argument in favor of home trade is the fact that it not only rebounds to the benefit of all residing in the adjacent trade territory which is the case of every community, but also, but they are there just the same and are part of the cost of the goods that are purchased in that manner. For instance, the cost of a trip to the city, hotel bill, time wasted away from employment, goods brought home that are not really needed, higher prices actually paid for the goods on account of the stupendous overhead of the big city stores. All this means cost and must be charged against the purchases if one is honest with oneself.

If people will only figure up the incidental costs and conveniences occasioned by sending out of town for anything that can be purchased in their home town they will readily see that it pays to trade at home. The argument is not that one should buy there just the same and are part of the cost of the goods that are purchased in that manner. For instance, the cost of a trip to the city, hotel bill, time wasted away from employment, goods brought home that are not really needed, higher prices actually paid for the goods on account of the stupendous overhead of the big city stores. All this means cost and must be charged against the purchases if one is honest with oneself.

In case of mail order purchases there are money order and postage fees, express or freight charges, time wasted and delay in waiting for the goods, annoyance of exchanging the goods that do not fill the bill, or do not measure up to the grade expected—these and many other charges of like nature should honestly be figured up against the purchases. If this is done and quality of goods compared it will be found that it is a case of trying to lift yourself by your bootstraps. There is no easy way to secure goods for a less figure than they can be supplied by the experienced business man of Belle Glade.

Perhaps nothing is studied any closer than the retailing of merchandise and you can safely figure that your live home merchant is working hard to secure the best of merchandise to come before his customers at the lowest possible figure consistent with sound business principles. And in this day of keen competition there are few business men who do not run close to the danger line in fixing prices that will attract trade and meet competition anywhere.

It is only necessary to use common sense in dealing with these problems. The field is open to all who may wish to enter any line of business, and it is there were big profits to be made that condition would not last for every opening for business is carefully searched out, and competition has reduced everything to the level of lowest possible prices.

On another page of this issue will be found the special advertisements of business men of Belle Glade who are interested in getting the facts of the value of home trade before the people.

WATSON LEAVES POST
(Continued from Page 1)
When they appear before a "TEAM" board meeting in New York about a month ago.

They will leave June 9th for Wheaton College, Chicago, where they will complete a two month Bible course. For the past year they are scheduled to sail from San Francisco for Japan.

Outlining their program Watson said that they will be located in Kitazawa where he will preach for at least a year through an interpreter. "It will take about eight hours a day of constant study for a complete year before my wife and I will be able to speak and write the Japanese language fluently," Watson said.

"Our interest in mission work began about a year ago under a Presbyterian evangelist," Watson explained. "For the past year I have been responsible for raising funds for support of a missionary in Africa."

"My wife and I have no compunctions about leaving this country for the turbulent Far East, for we have seen the need for spreading the gospel and want to have a share in the work," the Ex-radio station manager said.

He said that the missionary board had advised them to take their refrigerator and mattress with them, for the items are of inferior quality in Japan. Announcing his plans, Watson said that he will sell his car and buy a station wagon which he will take with them. "A public address system can be set up in the vehicle," he said, "for use in getting messages over to the masses."

EMPLOYMENT OFFICE SEEKS PLACEMENTS FOR GRADUATING SENIORS
The Belle Glade High School graduating class is almost driven in the number of students who are seeking permanent and summer positions.

The class status is revealed in a statistical chart drawn up recently by the local employment office. A. M. Larimore, director of the office, said that the class is almost driven in the number of students who are seeking permanent and summer positions.

THE AMERICAN WAY

...rained At Last!

officer manager, compiled the check from survey information. Half of the class of 44 students either have or seek permanent employment. Ten students are interested in summer work and five already have summer jobs, the chart shows. Only six students indicated that they are not interested in temporary or permanent positions.

The survey and general aptitude tests which have been given the seniors are part of the employment office's program to aid in the proper placement of students, according to Larimore.

Monday letters to employers in the area will be sent encouraging them to utilize these local workers, Larimore says.

JAMES BALL, JR. ELECTED PRESIDENT OF ODK AT FSU
James Ball, Jr. was one of twelve men tapped for membership in Omicron Delta Kappa, an honorary leadership society for students at FSU recently.

Tapping ceremonies were conducted by ODK President Doug Alley assisted by other officers of the fraternity.

Names of the taps were kept secret until the time of tapping when impressive ceremonies were conducted on Westcott steps with members of the fraternity present.

"Jimmy" was cited as follows: "Elected to the chairmanship of judicial court for achievement in government, in fraternity activities — for club activity and committee work — for excellence of character."

Mr. Ball was further honored by being elected president ODK for next year. The election of officers followed — the initiation for new members held May 16, in Longshore Bldg.

Mr. Ball graduated from Belle Glade High School with the class of 1948. He is the son of Mr. and Mrs. James Ball, Sr., of Belle Glade.

LODGES & CLUBS
Women's Club, South Main and Avenue E. Mrs. Betty Harris is president. Meetings, Sunday, 10 a.m. to 12 p.m. Regular meetings on the 2nd and 4th Thursday of each month at 8 p.m. at 1st Street Hall.

LEGAL NOTICES
Notice is hereby given that the undersigned, with Chapter 2252, Laws of 1949, The Board of Supervisors of the County of Palm Beach, has caused to be prepared a budget and estimate of the cost of maintaining and operating all of the various departments of the County for the year ending June 30, 1951.

The Board of Supervisors of the County of Palm Beach, in and to the effect that said budget is on file in the office of the County Clerk, and that the same may be examined by any person at any time during the office hours of the County Clerk, at the County Clerk's Office, in the County of Palm Beach, Florida.

Belle Glade Herald

SPRING CONCERT GIVEN AT METHODIST CHURCH
A capacity crowd attended the Spring concert of combined choirs of Belle Glade Community Methodist Church and the First Methodist Church of West Palm Beach, under the direction of Minister of Music, Arthur H. Constance, Wednesday night at the Community Methodist Church.

Quoting the program "Jesus, Precious Treasure" by Bach and "The Lost Chord" a Waring arrangement by Sullivan were the featured songs.

Mrs. Ralston Byrum, soprano, sang three solos, "Passepied," by Debussy; "The Fiery Cross" by Longfellow; and "Let My Song Fill Your Heart" by Charles, followed by a selection by the Choir, "Let My People Go," also a Waring arrangement.

Choir, led by Mr. J. C. Clegg, tenor from West Palm Beach, sang "Song of the Hittimans," by Mendelssohn, "Romance" by Debussy, and "Tidly Low" by Longfellow.

William Stone, tenor, sang "Begin the Beguine" by Porter and "It's Morning," followed by a choir arrangement of "Deep Purple," by Derosé.

Trumpeter Robert Fox of West Palm played "Trumpeter's Lullaby," by Anderson; "Bernice," by Goddard, and "Getting Sentimental Over You," by Remey's "One Alone" was sung by the Choir.

Dr. F. V. Von Behren, bass, sang "Hush," by Finlay; "Bells of the Sea," by Solman; and "Asleep in the Deep." Closing the program the choir sang "My Hero" from "The Chocolate Soldier" by Strauss, and "Smoke Gets in Your Eyes."

JR. SR. TESTS WILL BE GIVEN MONDAY AND TUES.
Junior, senior college entrance and placement tests will be given students of the Belle Glade High School Monday and Tuesday, Principal Frank O. Hobson announced.

Three tests will be given Monday and three Tuesday, he says.

ELKS CLUB TO HAVE BARBEQUE SUPPER SAT.
The local Elks lodge schedule a barbeque supper at 8 p. m. Saturday night for wives and guests in the lodge. Bob Greer, Jr., is in charge of arrangements.

Local representatives, James Baldwin, Bob Riedel, A. E. Kirchner, Harold Riedel, and W. W. Weeks will attend the Elks district convention in Daytona this week end.

BAND STUDENTS TO HAVE ALL DAY PICNIC WED.
Belle Glade School band students will have an all day picnic Wednesday at the swimming pool in Ft. Lauderdale, Instructor Howard Payne reports.

The group will leave from the school parking at 8 a. m. in school buses and parents' cars. The event is being planned and sponsored by the Band Parents' Association.

VFW BUDDY POPPY DAY SLATED FOR TOMORROW
Buddy Poppy Day, sponsored by Veterans of Foreign Wars Auxiliary Post 8191, will be held in Belle Glade tomorrow, according to an announcement by Mrs. Donald Kirchman, Auxiliary vice-president.

BILL GOLDEN APPOINTED COMMANDING OFFICER OF CIVIL AIR PATROL UNIT
Bill Golden has been named commanding officer of the newly formed Civil Air Patrol Unit in the Glades.

Other officers recently elected are: Perry Duke, Pahokee, adjutant; Howard Holman, Pahokee, training officer; Gill Gabaldon, Pahokee, operations officer; Howard Bair, city, communications officer; V. L. Geiger, Pahokee, supply and engineering officer; and B. E. Weeks, city, public relations officer.

The unit here was set up under the direction of Lt. Col. Robert of the West Palm Beach CAP. It was designated as the Glades Civil Air Patrol Flight.

The unit includes the territory from Okeechobee to city to Clewiston, according to the publicity officer.

Persons desiring information concerning membership in the unit are asked to contact Golden at the Belle Glade airport.

The next unit meeting has been set for 2 p. m. Sunday at the airport.

RANDOLPH TO DISCUSS SPRAYING PROBLEMS
John W. Randolph, agricultural engineer, will discuss mechanical problems associated with chemical spraying on the Everglades Experiment Station's weekly program on radio station WSWN at 11 Saturday morning.

Bill Sanford, Melvin Tills, Joan Weeks and Marvin Bergman. Murals done by student groups were awarded first prize at the annual art show at the University of Florida. Joan, Rosenberg and Nancy Hall, second prize. Shirley and Carolyn Scruggs, third prize. Connie Kelly and Frances Kelly, fourth prize. Mention to Bill Sanford, Patsy Elliott and Zella Jones.

Mrs. R. V. Allison arranged the exhibit.

MRS. FOY ASSUMES
(Continued from Page 1)
Foy stated Tuesday: "There will be little change in our program at present, and we will continue the policy of public service," she said.

No change in personnel scheduled at the present time, officers of the Seminole Broadcasting Company will probably be reappointed soon. Mrs. Foy stated. In addition to being station manager, Mrs. Foy will become an officer in the corporation.

Principal stockholders are: Dr. Robert W. Ogle, Tampa; Dr. Charles Howard, Brooksville; Mrs. Watson's father, and he will sell his shares to his father-in-law.

SHOOTIN' BLANKS

(Continued from page 1)
slaps you on the back and asks you the problem about what you think you'll ever make anything of yourself.

If you're lucky you'll have one leg left to stand on and declare that there's hope for the old girl or old boy (as the case may be) yet.

Looking into the future, the other day, the boss and I could foresee that the summer slump in activity hereabouts is rapidly approaching. So genius-like we decided to stave it off for at least a week longer.

If your blood pressure didn't rise or if you did not suffer at least a few minor palpitations on reading a certain article on the front page of this issue, the boss and I have been defeated.

We thought at least a minor exodus to the phone booths would follow the announcement that "Chicago" had burned and that "Jacksonville," "Orlando," "Pittsburg," "Macon," "Savannah," "Atlanta," and "Washington" had been evacuated.

This excuse for a pun-like play on words in addition to the news value involved in the negro housing section incident was too good for us to let pass.

News for friends of bull ship-

"CHICAGO" BURNS

Florida Employment Service Places 30,000 Workers

Local offices of the Florida State Employment Service placed over 30,000 workers in

jobs during April, according to Fons A. Hathaway, director of the Employment Service.

Placements in agricultural jobs totaled 15,307 during the month with nearly 14,000 of

these workers being employed in growing and harvesting vegetable crops. This is a decided upswing in agricultural placements compared to the previous months.

Nonagricultural jobs were found for 14,371 persons during the period. The greatest number of workers in this category were placed in wholesale and retail jobs. Female placements in nonagricultural work amount to 5,815 and 4,451 veterans were placed in jobs.

Visits to the 31 local offices by those seeking employment totaled 161,617. New applications decreased due to a high level of employment. Counseling interviews totaled 1,619 during April and 1,594 persons were given aptitude and proficiency tests.

The record established for placement of handicapped workers was maintained during the month.

U of Fla. Publishes Bulletin "Civil Defense For Florida"

What the ordinary citizen should do in case of enemy attack here at home is explained in a new bulletin prepared at the University of Florida.

In a continuation of its Civic Information Series, the University's Public Administration Clearing Service is now sending Florida residents its bulletin, "Civil Defense For Florida, 1951."

Two members of the Clearing Service, W. F. Larsen, director, and Robert Fuquay, research assistant, have summarized the steps those on the home front need to take now in preparation, and the action they need to take in event of an attack.

The six suggestions are: Try to get shielded; drop flat on the ground or floor; bury your face in your arms; don't rush outside right after a bombing; don't take chances with food or water in open containers; and don't start rumor. Why these rules are good advice is explained in the pocket-sized pamphlet.

Technical information and charts used in the bulletin are from publications of the Civil Defense Office of the National Security Resources Board.

Other information prepared by Larsen and Fuquay tells how civil defense operates, explains

away some of the myths that have grown around atomic warfare, provides household safety rules, and tells just what every citizen can do to prepare for attack.

According to the authors, the individual is the basis of Civil Defense.

"Acting singly, he can do a great deal for his own protection and in fact, must do so. But as a member of society he can protect himself, his home, his community, and his nation much more by assuming an active role in Civil Defense," the authors state.

"TOO LATE TO CLASSIFY"

By Russell Kay

If this column gives the impression that I'm quining around in circles and gasping for breath, you can blame it on Leesburg. The Watermelon Festival and George East, when Leesburg lets its hair down and starts to kick up its heels, you'll find you're a sure enough party. They crowd more thrills, excitement and entertainment into one day than towns do in a week of festivities.

The 1951 Florida Watermelon Festival topped 'em all; starting off with a bang-up parade there wasn't a dull moment for the rest of the day and night. It would take a two-headed guy with six eyes to see even half the show.

It may have been Armed Forces Day in other places, but in Leesburg, last Wednesday was Marine Corps Day for they brought the crack Second Marine Air Wing Band from Cherry Point, N. C., to head the parade. What that outfit comes steppin' along, high wide and handsome, it just naturally does something to you. When it comes to making sure enough music they got both Harry and Margaret lookin' like a total loss.

Events of the day included a watermelon eating contest in which youngsters vied with each other to see who could eat the most melon in two minutes; a fashion show in which Doc Webb's famed Poster Girls appeared as models; a bathing beauty contest; a water ski show; motor boat races; a baseball game and the State University Circus.

Flanked with a Marine Corps Guard, the Flight Carpenters, which, during the next 12 months, will be publicly presented "at Fairs, Festivals, Parades and Events, made its initial appearance. Bright eyed youngsters with nets, gathered cash from the thousands that thronged the streets toasting the money in the barrel and these funds will eventually find their way to the Damon Runyon Fund for Cancer Research.

Outstanding event was the "Queen of Queens Contest" to select the girl who will carry the coveted title of Miss Watermelon Festival for 1951. Entrants this year were limited to girls who had previously won a queen title.

I've seen a lot of beauty contests but don't believe I've ever seen so many beautiful and charming girls assembled for one event. Fortunately, it did not fall my lot to be among the judges this year and I was mighty glad of that, for the judges certainly had a tough job and I didn't envy them a bit.

One of the officials took me behind the scenes to meet the contestants before the show. Talk about being knee-deep in publicity! Boy, I was up to my ears in it. Why is it that things like that never happen to a guy until he's so old it doesn't matter any more?

One thing I always enjoy about events of this kind is meeting so many old friends, and it seemed like just about everybody was there. Bob Eastman and Bill Carter of Cypress Gardens, Peter Schaal of Silver Springs, Doris Daniel of St. Petersburg, Ruth Zimmer of Rainbow Springs, Karl Lehmann of Tavares, Congressman Syd Herlong, Henry Balch of Howey-in-the-Hills, Martin Anderson of the Grillo Sentinel, and the Grillo Sentinel, of Bill Wells and Caroline Ruse of the Sarasota County Chamber of Commerce and a host of others.

It is easy to see why Leesburg is an up-and-coming, enterprising community when you note how just about everybody joins in and helps to put over the job. It would not have been possible to have staged such a splendid show had it not been for the untiring work of the able chairman, George East, of the First National Bank, backed up by cooperative and enthusiastic citizens. They didn't just sit back and "let George do it" — they participated with just about every group or organization in town taking part, including civic clubs, women's organizations, boy and girl scouts, merchants and others.

Another fact that impressed me was that this event was successfully staged without any

New Treasure On Treasure Island

The first Rotary Steak Broiler, ever installed in Florida has just been added to the modern kitchen at the Edward James Hotel at Treasure Island Beach. This amazing machine maintains a heat of 850 degrees, 150 degrees hotter than charcoal and broils steaks in from 3 1/2 to 5 1/2 minutes, delivering them on a sizzling platter exactly as ordered. It will handle 120 steaks an hour, 45 feet minutes at one time, with no chance for error, rare steaks are cooked in 3 1/2 minutes, medium rare in 4, medium in 4 1/2, medium well in 5 and well done in 5 1/2 minutes. Only three such machines are now in operation, the other two being in New York State. The Edward James, one of the West Coast's newest and finer beach hotels, remains open through the summer and offers special package rates outside and summer vacations.

Economics has come up with the following interesting facts and figures about certain processed farm products:

If the farmer gave away the wool in a \$50.00 suit of men's clothing, the suit would still cost \$40.50.

If he'd give away the wheat in a 16 cent loaf of bread, the loaf would still cost the consumer 13.4 cents.

If the dairyman furnished the milk in a 22-cent to 23-cent quart of milk absolutely free,

FARM BUREAU TO HOLD CONVENTION IN ORLANDO

The 1951 State Convention of the Florida Farm Bureau will be held in Orlando and Winter Park, November 15 and 16. The announcement of the selection was made today at the organization's state headquarters in Winter Park.

Each of the 48 county Farm Bureau organizations will send voting delegates to the convention, as in the past. These representatives chart the course which the state organization must follow during the coming year, officials said.

Loring Raoul, Sarasota celery grower, who is president of the big farm group, says: "We have one of the most democratic organizations in the land. It is governed 100 per cent from the ground up."

Convention headquarters will be at the Orange Court Hotel in Orlando. The entertainment part of the two-day meet will be held at the bureau's new state headquarters building in Winter Park.

FARMER USUALLY GETS SMALL PART OF COSTS FOR PROCESSED GOODS

Blaming the farmer for high prices of consumer goods produced on the farm is a popular pastime. All too seldom does the consumer realize that a good part of the final costs consists of processing and handling charges, taxes and profits for those who process and handle foods and fibers. Naturally, the more a product is processed and handled after it leaves the farm, the higher the proportion of final costs which goes to others than farmers.

Based on recent prices, the U.S. Department of Agriculture Bureau of Agricultural

it would still cost the housewife 11.5 cents.

If the farmer would give away the beans in a 16-cent can of pork and beans, the can would still cost 14 cents at the grocery store.

And if the tobacco grower gave away the tobacco in a 20-cent pack of cigarettes, the pack behind the counter would still ask you for 17 cents for that purchase.

MAYO WARNS ABOUT

Continued From Page One

Under the present agricultural bond and license law, every dealer in agricultural products must obtain license from the Commissioner of Agriculture and file a surety bond for the protection of the grower from whom he makes purchases. Transactions in citrus fruit and dairy products are not covered by the bond and license act. Violation of the act constitutes a misdemeanor and the trust a persuasive buyer with first offense could for a fine of not less than \$250 or imprisonment up to six months, while own risk."

the second or subsequent offense brings down a fine of \$400 or imprisonment up to one year or both, at the discretion of the court.

"I wish it were possible," said Commissioner Mayo, "for every farmer in Florida who sells any produce from his farm, orchard, vineyard, garden, or beehive, or sells any livestock or poultry products, to know that he is entitled to the protection provided by the Florida Agricultural Bond and License Law. All dealers purchasing or handling direct from farmers products produced on Florida soil come under the act unless they actually make payment in United States currency at time of purchase. Florida growers would do well before selling anything from their farms to make certain that the purchaser is bonded unless they get the cool cash in hand. Those who ship on consignment or trust a persuasive buyer with their produce without knowing that he is bonded, do so at their first up to six months, while own risk."

Mermaid Queen Seeks Further Titles

Miss Billie Joe McFee of Delray Beach, recently crowned "Miss Florida Mermaid," has entered the "Queen of Queens" contest in connection with the 1951 Florida Watermelon Festival to be held at Leesburg, May 18. Miss McFee will also compete in the Miss Florida Contest, and hopes to represent this state at Atlantic City. Her pal, Harvey the Rabbit, is pulling for Billie Joe and Delray Beach.

Pahokee Elementary School

After a very successful May

Day Contest, students and faculty

are headed down the home stretch

toward the Commencement

program which will be held

Sunday, May 27, at 5:30 p.m.

at the Shiloh Baptist Church,

Pahokee, Fla. The Rev. Andrew J. Thompson, pastor of

the Tabernacle Baptist Church,

West Palm Beach, will be the

speaker. The school Glee Club

will furnish the music. The public is invited.

The faculty and students wish

to thank friends and patrons for

their fine support of our first

May Day Contest. May Day

Queen is Joyce Wright and the

King is Willie Lee Hickman,

both of the third grade. The

attendees are Barbara Nubel,

Mary Lou Robinson, Nathaniel

Nash, and Aaron Johnson from

the first grade; Hattie Lee Car-

ter, David Brunson, Helen Bry-

ant and Frederick Fields from

the second grade; Johnnie Mae

Hickman and James Nash from

the 4th-5th grades; Johnnie Mae

Thomas and David Syddell from

the 6th grade. The reports are

as follows:

3rd Grade, Mrs. M. M. Robin-

son, teacher, \$55.00; 4th-5th

Grade, Mrs. Iona Fitzgerald,

teacher, \$38.55; 6th Grade, Mr.

Stanleigh Murrell, teacher, \$30;

1st Grade, Mrs. Claudine P.

Fenson, teacher, \$26.00; 2nd

Grade, Miss Lillie M. White,

teacher, \$22.55; 1st Grade, Mrs.

Beulah G. Murray, teacher, \$18;

2nd Grade, Miss Carrie J. Clark,

teacher, \$15.52.

The total collected is \$206.52,

of which we are very proud.

The Coronation of King and

Queen Eastlake will be held on

Tuesday, May 29, 1951, at 7 p.m.

on the school campus. After this

event the Pahokee Elementary

School will be known as the

Eastlake School. The King and

Queen were chosen from the

room raising the highest funds

in our May Day Contest. This

affair promises to be the most

colorful activity of our Commencement

Week. The patrons and friends

of the school are invited to attend

and witness the coronation.

shows a total of 835,924 tons of mixed fertilizer alone, the principal plant food, consumed in Florida last year. Approximately 80 per cent of these fertilizers were manufactured in the State.

Fertilizers and soil correctional materials are necessary factors in the production of Florida's agricultural crops, valued at \$344,980,000 last year, and figure strongly in livestock production which grossed \$92,320,000 in 1950.

Primary foods as well as essential minor elements such as boron, manganese, zinc, copper, and iron, are added to the soil in the form of commercial mixed fertilizers, other fertilizers and correctional and soil building materials. Certain of the minor elements can also be applied in the form of nutritional sprays. However, the principal use of sprays, dusts, etc. in Florida is for disease and insect control. All sprays, insecticides and dusts used in Florida totaled an estimated \$14 million last year.

"Your Chevrolet Dealer For The Last 15 Years"

BELLE GLADE, FLA.

Here's why we say **LARGEST!**

It's **LONGEST**—measuring 197 1/2 inches from bumper to bumper. You can see that extra length—and feel it in the smoother ride!

It's **HEAVIEST**—lifting the scales at 3140 pounds.* You can feel Chevrolet's big-car solidness in its steady, even way of going!

It has the **WIDEST TREAD**—spanning 58 1/2 inches between the rear wheels. That wider base means better roadability—helps steady the ride!

You'd expect to pay a little more for the largest low-priced car... longest, heaviest, with the widest tread. But not with all its extra size and weight—all its exclusive features—Chevrolet is the lowest priced line in the low-price field.

*Styleline De Luxe 4-Door Sedan, shipping weight.

Here's why we say **FINEST!**

FISHER BODY QUALITY • UNITIZED KNEE-ACTION RIDE • VALVE-IN-HEAD ENGINE ECONOMY • WIDE-VIEW CURVED WINDSHIELD • JUMBO-DRUM BRAKE SAFETY • SAFETY-SIGHT INSTRUMENT PANEL • TIME-PROVED POWER *Slide* AUTOMATIC TRANSMISSION. Combination of Powerglide Automatic Transmission and 105-h.p. engine optional on De Luxe models at extra cost.

LAKE HARBOR

2nd Lt. and Mrs. W. A. Allen and three children of Ft. Lauderdale visited parents Mr. and Mrs. W. C. Allen Sunday. Lt. Allen is taking a refresher course in flying at the Miami Naval Base and will report to Norfolk, Va., for assignment to duty a fortnight hence.

Jackie Waters, son of Mr. and Mrs. Jack Waters, was honored Monday afternoon at a family birthday party on the Clayton Waters' lawn. A cake with one candle commemorated his reaching the first milestone.

Mr. and Mrs. Wm. Kirkland received minor injuries in a highway accident on the Zwick corner of SR 80 Sunday when their car was struck by a truck driven by a negro.

Mrs. Anna Keene, and Mrs. C. B. Higginbotham enjoyed a sightseeing trip to Insmoke, Sunday.

Mrs. Thelma Tanner, Mr. and Mrs. C. A. Paul of Tampa were the recent guests of Raymond Hardy and Victor Woodhard at Okeelanta.

Rev. and Mrs. Harry Wilson, pastor and wife of the Coral Baptist Church in Miami, visited former parishioners here last week and attended the funeral of an old friend in Pahokee.

Mr. and Mrs. Byrd Pullen of Hobe Sound spent Friday Saturday with their nephew and niece, Mr. and Mrs. T. L. Driggers and daughter Anne.

Mr. and Mrs. J. H. Livings are visiting her mother at Zellwood for a few days.

Mr. and Mrs. Elbert Hester, Miss Betty Hester of Lake Harbor, Mr. and Mrs. A. B. Barnes were the Sunday dinner guests of Mr. and Mrs. Jesse Barnes.

Mrs. J. S. Saunders is leaving this week for her home at Cordele, Georgia.

Mrs. P. E. Goodbread is on a two weeks vacation from her duties as clerk of the local post office. Mrs. W. M. Jeffries, supply clerk, is taking her place.

Miss Myrtice Gilman and Mrs. C. A. Whitman, Sr., motored Mr. Whitman to Lake Worth Saturday to spend the week with his son, C. A. Whitman, Jr., and his family.

Mr. and Mrs. C. J. Bilbo, Larry and Shirley, Mr. and Mrs. Charles Bilbo left last week for their farm home at Austelle, Georgia.

Clayton Miller of Neward, Ohio and Mrs. J. W. Herbert of Opelika, Ala., are visiting their sister, Mrs. Verda Higginbotham. The three spent Friday in Okeechobee with Mr. and Mrs. Marvin Miller and family.

Mr. and Mrs. W. C. Allen attended a meeting of the Red Cross disaster relief committee in West Palm Beach recently.

Mr. and Mrs. Ralph Hartline of Anniston, Ala. visited Mr. and Mrs. Eric D. Hartline, Mr. and Mrs. M. M. Bailey last week. Ralph Hartline lived in South Bay as a child with his parents Mr. and Mrs. Cliff Hartline.

Laura Mae Haulcomb, Patricia Weaver and Eugene Henderson of Lake Harbor are Short Course winners and will attend the annual 4-H Short Courses at the State Universities in June. Laura Mae won second on her play clothes in the annual dress revue at the County Achievement Day on Saturday at Lake Worth.

Mrs. Ellis Blanchard and sons Freddie Blanchard and Harvey Powers of Tampa were week end guests of Mrs. Cora Marlowe.

BAPTIST CHURCH TO END
TWO - WEEK REVIVAL

The Lake Harbor Baptist Church will close a two weeks revival service on Sunday at their annual Home Coming all day program. Rev. Ralph Hughes, pastor, has conducted the special services assisted by W. L. Cunningham of Belle Glade, who has been in charge of the music and singing. The morning program will be followed by a picnic luncheon on the grounds and a short afternoon program.

The Glades Singing Convention will take over the church at 2:30 o'clock for their monthly sing, according to announcement of President T. L. Driggers. The public is invited to attend both the Home Coming and the Sing.

FIRE DESTROYS FRAME
BUILDING OF HENDERSON

A two story frame rooming house in Lake Harbor belonging to Mrs. Vernon Henderson which was a part of the Thomas negro housing quarters was destroyed by fire last week. It was thought the building must have caught fire from a stove in one of the rooms.

The South Bay Fire Department, the Belle Glade Fire Department and the Everglades Fire Control each sent a truck to assist the Lake Harbor department in bringing the fire under control. Fire Chief Mead Willis of South Bay stated that they had plenty of water from a nearby canal but that the flames had gained too much headway to save the building before they arrived. They did, however, save all adjoining buildings from damage.

It was reported some 36 families occupied the building.

VETERINARIAN CONDUCTS
RABIES CLINIC HERE

Dr. Clarence Kidder, Belle Glade veterinarian, conducted a clinic at the South Bay Town Hall Saturday morning and spent a busy two hours inoculating dogs against rabies. The owners of the dogs then purchased their dog licenses and registered their pets at the Town Hall.

Those who found it impossible to attend the clinic may secure the necessary inoculations at the office of Dr. Kidder by telephoning for an appointment.

All dogs within the limits of the town must be inoculated, registered and licensed at the Town Hall within the next few days.

Those found at large without their tags will be impounded by the local dog catcher, M. J. Hardy, and lodged in the Belle Glade Dog pound. The owners will be given a few days in which to redeem their pets by paying board at the pound, impounding fees, and purchasing the necessary license.

Dogs not redeemed will be turned over to the Animal Rescue League for disposal, according to the provisions of the local ordinance.

VETERANS INFORMATION
AND SERVICE

By Melvin T. Dixon
State Service Officer
"Sole Surviving Sons" Not Subject to Draft, Combat—Not Considerable confusion and misunderstanding is apparent in inquiries reaching this office about the policy of inducting and sending into combat "sole surviving sons." The confusion arises from the fact that there are two separate policies.

One of these concerns the induction into the Armed Forces by Selective Service. Local

boards, under Selective Service Regulations, are not permitted to send for induction the sole surviving son of a family in which one or more sons or daughters lost their lives as the result of World War II service.

The second policy concerns men already in the Armed Forces who are sole surviving sons. In the case of these personnel, a new Defense Department policy applies to all branches of the service—Army, Navy, Air Force, Marine Corps.

It provides that where, as a result of hazards incident to service in the U. S. Armed Forces since Sept. 16, 1940, one or more sons or daughters of a family have been killed, died of wounds, accidents, or diseases, or are now or were in a captured or missing - in - action status, the sole surviving son of such family who is serving in the Armed Forces, upon his own request, or upon the request of one of his parents, will not be assigned to duties normally involving actual combat with the enemy.

But the individual concerned may waive such a right, if he so wishes, notwithstanding a parent's request.

The Armed Forces are carrying out this policy by immediately reassigning all such personnel for whom such application is made.

Parents whose sons fall within this category should not be disturbed if their son is overseas, inasmuch as the policy does not imply that such sole survivor may not be assigned to overseas commands—but rather that they will not be assigned to actual combat.

If you have a problem regarding the above and desire some assistance, I would suggest that you contact your local Veteran's Service Officer or write this office P. O. Box 1437, St. Petersburg.

More Merchandise To Go
Under OPS By May 30th

New retail ceiling prices on most "market basket" groceries and all beef cuts went into effect Monday May 14, and many other items of general merchandise sold in retail stores will be reduced to this category by May 30, Sam F. Davis, district director of the office of Price Stabilization, said recently.

Detailed ceiling prices of most commodities not covered by the new regulations remain frozen at the highest prices from Dec. 19, 1950 through Jan. 25, 1951, he pointed out.

The new retail ceiling prices on the specified staple groceries are figured by the grocer applying margins of profit allowed by the Office of Price Stabilization to his wholesale net cost. The retailer must display his selling price on the item or near him and shelves containing the commodity display, and must post

a sign in his store stating the store group.

The new retail ceilings on beef cuts are established by OPS in dollars and cents and ceiling prices must be posted in all retail stores by June 4.

Retailers of a large group of other commodities, including wearing apparel, piece goods, furniture, sporting goods, jewelry and housewares, are now establishing new ceiling prices by filing their base period margins of profit with OPS. These charts must be filed by May 30 and retailers may begin pricing by the established margins immediately after filing the chart. After July 1, retailers must display their selling prices on all of the listed commodities.

PAHOKEE SENIORS GET
PS JOURNALISM AWARDS

Janette Mathis, editor and chief of the Pahokee High School newspaper, "Hi-Life," and Frank Rosenberg, assistant editor, received awards for their work on the publication from the Florida State University School of Journalism recently.

High school seniors throughout Florida who have done outstanding work for their high

schools are eligible for the award. The award is given to the senior who has done the best work in the field of journalism.

Here's Where the Pounds Pay Off

FIRST thing that people notice when they take over a Buick is the sure-footed stance this fine automobile has on the road.

You head into a curve and hold firm and true. You travel a turnpike without sway or wander.

While your wheels may dance when you hit a stretch of washboard gravel—your car holds its level course.

A lot of things account for this beautifully poised performance, but it starts with stalwart structure and ample weight—pounds of pounds where pounds are needed.

Please don't get us wrong. This isn't "deadweight." Though a Buick like the one pictured here tips the scales at more

than two tons, it's as nimble as an antelope at play.

It has a generous hoodful of valve-in-head Fireball power—packing a powerful punch of velvet velocity.

It comes with the smooth magic of Dynaflo Drive—a lightness of steering that's gently responsive to a lady's hand—a front-end geometry that's pure genius—the finest brakes ever put on a Buick.

And every wheel rides on shock-eating coil springs that are carefree and trouble-free for the life of your car.

You'll also find—by a few moments of simple arithmetic—that the pounds in

this bounteous beauty pay off in another way. On a cents-per-pound basis, it will cost less to buy than anything else near its weight and power and size.

Why not visit us real soon—like the first thing tomorrow—and let us show you why you and your budget will both be happy with this Buick?

Equipment, accessories, trim and models are subject to change without notice.

No other car provides all this!

DYNAFLO DRIVE • FIREBALL POWER
4-WHEEL COIL SPRINGS • DUAL VENTILATION
PUSH-BRAKE FOREPOST • TORQUE-TUBE DRIVE
WHITE-GLOW INSTRUMENTS • DREAMLIKE STYLING
